Re: File No. 6084, Purchase of four Masimo Rad 57 (or equal) and accessories for the Cambridge Fire Department. **Addendum No. 1**

The following question was submitted and answered.

Question

Would the City waive the following Quality Requirement and bid submission: Bidder has provided Masimo Rad 57 units (or equal) to at least two City, State or Government Agencies? We have been in business for 27 years and can provide recommendations from Fire Departments who have purchased other items from us such as Physio Control Defibrillators and AED's?

Answer

No, the City will not consider waiving the Quality Requirement and Bid Submission.
The City considers those standards essential to satisfactory performance of the contract.

All other details remain the same.
